

Dust Off The Cobwebs

Returning to flight operations after a period of inactivity, and/or to a new or different aircraft, increases a pilot's risk of an accident and has resulted in loss of control accidents. This presentation will cover the steps necessary to return to flight operations after a period of inactivity or in transitioning to a new or different aircraft. Click on the link below and register TODAY.

Directions: Please see map link for directions. Please PreRegister.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
